QUALITY ASSURANCE

Our R&D department ensures that the quality of the product including its physical, chemical and mechanical properties which are the prime factors while producing fasteners & scaffolding no matter whether it's related to the Automotive, Industrial, Fencing, or Nautical industries. Quality is of vital importance to our team. Our Quality Assurance Department was set up with the purpose of preventing mistakes or shortcomings in our own manufacturing process, and also to provide effective solutions if problems were to arise. Yuvraj Impex FASTENERS adopts the working practices "Fit for purpose", which signifies our components are suitable for the intended purpose and have been approved by our customers, and "Right first time", which means mistakes must be eliminated so only high-quality components are manufactured from the onset of production.
